

The right genes for the right timing.

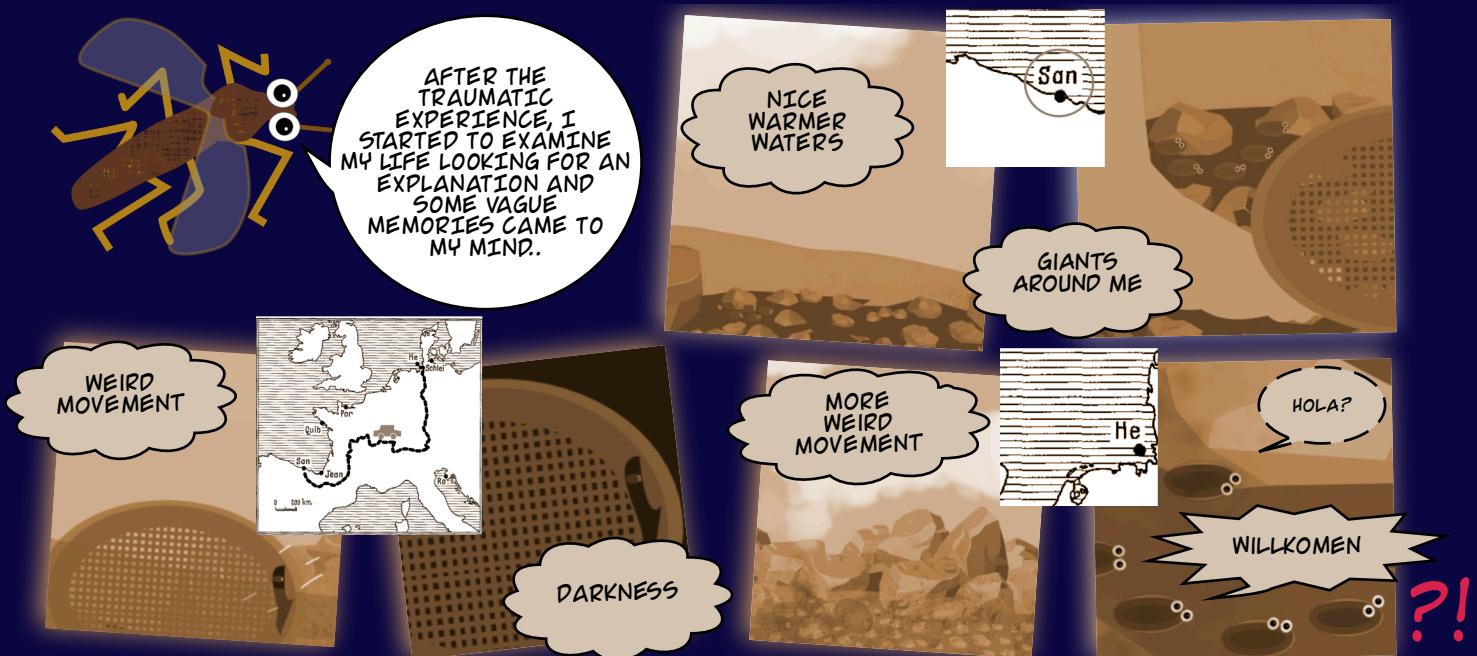

a comic inspired by the talk by Kristin Tessmar-Raible

REPRODUCTION DAY: LOVE IS IN THE AIR. THE TIES ARE LOW, THE FEMALES ARE READY.

NOTE FROM THE AUTHOR: IN REALITY, CLUNIOS JUST HAVE ONE CHANCE IN LIFE TO REPRODUCE AND THIS WOULD BE THE END OF THE STORY. FOR NARRATIVE PURPOSES, WE WILL GIVE THIS CLUNIO 3 CHANCES TO GET THE TIMING RIGHT.

I'M FROM SOMEWHERE ELSE!!!

AFTER THIS SHOCKING REALISATION I DEDUCED IT WAS JUST A MATTER OF BETTER ADAPTING TO MY 'NEW' HOME...

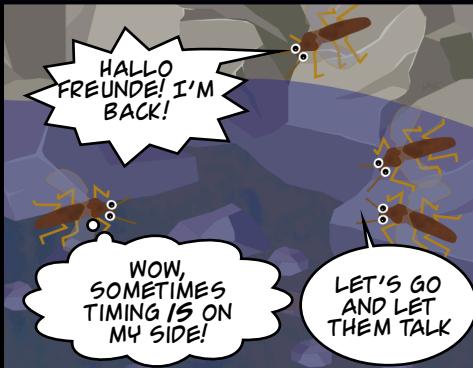

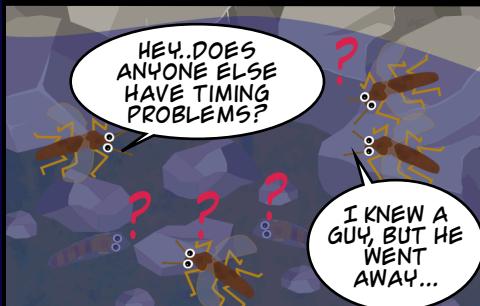

I DECIDED TO TRAIN AND TO PREPARE FOR THE NEXT TIME.

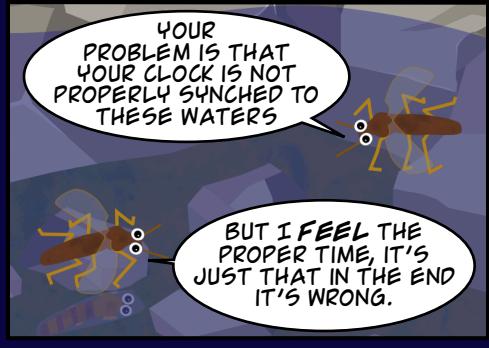

BUT WHEN THE TIME CAME AGAIN...

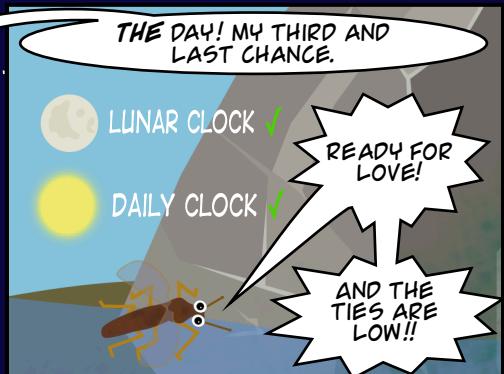

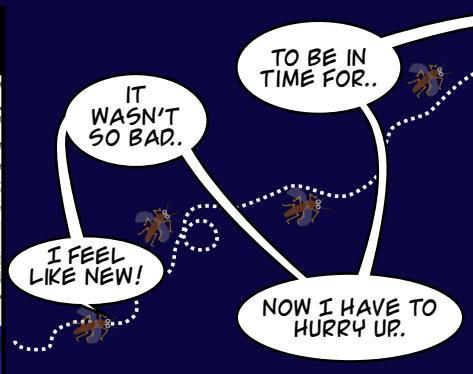

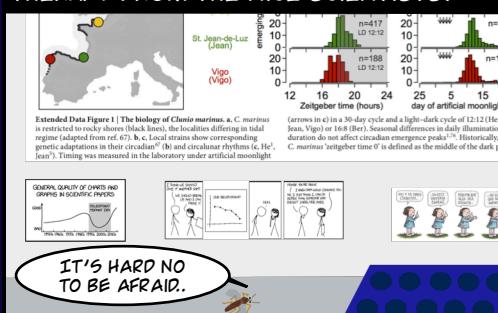

FRUSTRATED, I DECIDED TO FIND OTHERS LIKE ME AND ASK FOR ADVICE.

AND SO HE EXPLAINED...

AND SO HERE I AM...GETTING THE GENE THERAPY FROM THE NICE SCIENTISTS.

AND NOW, WITH THE RIGHT GENES: RIGHT ON TIME!

THE END.
